

Things to Know

Let Us Know if something breaks or is not working so that we can replace or fix it.

Owner Occupied

Dover Quilt Retreat is owner occupied. My husband will be on the premises and is available for “Porter” duties if you need help unloading or loading.

Spray Basting

We DO NOT ALLOW spray basting at Dover Quilt Retreat. The fumes may cause some people discomfort and can leave a residue on our furniture or equipment. If you must spray baste while here, please do it on the deck and put a cover over the table before hand.

Before You Leave:

1. If you have brought your own sheets, you will be taking them home with you. If you rented our sheets, please remove them from the bed carefully and place them in the pillowcase. Leave this on the bed when you pack up.
2. Put dishes in the dishwasher and run it, hand wash any items used after the dishwasher was started.
3. Broom-sweep the floor in the sewing room.
4. Return any furniture to its original location if you moved anything.
5. Check your room and bathroom thoroughly so you have all your belongings.
